PELICAN PROTECTOR CASES: "LEAVE NOTHING TO CHANCE"

Pelican cases are sized for every need. They meet and far exceed the highest standards of industrial, military, airline, and commercial applications. They were originally designed for and are now used in numerous abusive applications by the U.S. Armed Forces and NATO.

Features Include:

- Body made of ultra high impact structural copolymer polypropylene foamed core
- Standard Pick 'N' Pluck Foam or Padded Divider Sets
- Neoprene O-Rings and new automatic purge valves for 100% reliable seal
- Latches made of rigid ABS for extra security.

MOST PELICAN CASES MEET MIL-STD 4150-J
